SOURCE: CESAR search of LexisNexis Academic database for “All News” in the “United States” with the terms “buprenorphine,” “Suboxone,” “Subutex,” “Butrans,” or “Buprenex.” Only articles describing misuse or diversion were included. Only one article per news report/incident was included. If two unrelated incidents were reported in one article (e.g., “Police Beat” articles), each incident was counted individually. The state listed is the state in which the incident occurred.
